Subject: Letter of Appreciation

Debbie King, Managing Director of Green House at Calvary and staff members

On 12-26-13, my wife, F. Evelyn Wilson, transferred from Emeritus at Heritage Hills, Weems Road, Columbus, Georgia to Green House II at Calvary, (Alzheimer's Facility), Old Moon Road, Columbus, Georgia.

Upon arrival at Green House II at Calvary, we were met by Debbie King, "The Guide." She promptly introduced the entire staff to us and we were favorably impressed by their reception.

Since Evelyn's arrival, all staff members including "caregivers" (caritas) have demonstrated a truly caring, and attentive attitude toward all elders in the facility. They are kind, yet gently forceful if necessary in caring for the elders.

Medications are given timely and accurately. The elders are checked frequently to insure their depends (diapers) are dry and not stained.

Overall, I am favorably impressed by the professional conduct and superb care Evelyn is receiving from this Christian Alzheimer's Facility. It is considered to be the best Alzheimer's Facility in the Columbus, Georgia area.

Thanks again to Debbie King and her entire staff of caregivers. I am satisfied that Evelyn Wilson is in a safe, comfortable, home environment.

In Christian love,

Chuck Wilson
